

Pumps

Reduce pump run times and save with rebates by installing variable speed irrigation pumps.

Maximum rebate for the combination of lighting, heating and cooling, business equipment, food service and grocery, pumps and water heating upgrades is \$50,000 per building per year up to 50% of equipment cost.

Measure Description	Rebate/Unit	Requirements
Variable Speed Irrigation Pump	\$50/HP	Installing a variable speed irrigation pump in place of fuel powered pump: • New pump motor at least 91 percent efficient • Pump runs at least 12 hours per day during irrigation season • Minimum 10 HP motor

*If you do not see your high efficiency equipment here, you may be eligible for a custom rebate. Please refer to Custom Upgrades for more information.
