EPA's "Disposal of Coal Combustion Residuals from Electric Utilities" Final Rule (40 C.F.R. Part 257 and Part 261), §257.73(a)(3)(i)(E), requires that Emergency Action Plans include provisions for an annual face-to-face meeting between representatives of the owner or operator of an existing CCR unit and the local emergency responders.

On November 5, 2019, an annual face-to-face meeting with Georgia Power and local emergency responders was held to review the Emergency Action Plan, as required by 257.73(a)(3)(i)(E). Due to unforeseen circumstances, a follow-up meeting was held on November 25, 2019 for those who could not attend the on-site meeting. This notice serves to document the occurrence of this meeting as required by §257.105(f)(7).
